OSSM, NetSuite solutions provider and part of The Noledge Group, announces that it has appointed Brian Doherty as Operations Director. The new role will see Brian lead the execution and delivery of client projects, while ensuring best practices and procedures are maintained as the team grows.

With more than 20 years of experience in delivering accounting and Enterprise Resource Planning (ERP) solutions, Brian has an extensive track record in project management and implementation; business analysis; presales; training; and technical support. His knowledge and experience will be central in ensuring excellent service delivery for OSSM's client base, while also

supporting the company's growth plans.

Brian has been with The Noledge Group for more than 20 years delivering ERP systems for businesses across Ireland and the U.K. Prior to his promotion, he was project manager and business consultant for OSSM for 5 years, following 16 years in the same role for Envisage Cloud, also part of The Noledge Group. Earlier in his career, Brian was a project manager with Advent Processing Solutions, where he provided business software solutions to the SME sector throughout Ireland.

Brian holds a Bachelor of Arts (B.A.) in Accounting and Finance and a graduate diploma in computing.

Commenting on the appointment, Ray Ryan, Managing Director, The Noledge Group, said: "Through his consistent delivery of high-quality client services, Brian has been instrumental in the successful implementation of cutting-edge cloud solutions for businesses across Ireland. I am confident that under his leadership, the business will continue to expand and thrive in the months and years ahead."

Commenting on his appointment, Brian Doherty, Operations Director, OSSM said: "OSSM has become one of Ireland's leading NetSuite Solution Providers, and I am delighted to have played a role in the company's growth over the past number of years. Our team has helped businesses across Ireland and the U.K. to simplify and automate their processes with ERP solutions. There is no better time to be a part of the Group as businesses continue to migrate to the cloud due to increasing data volumes and the rise in remote and hybrid working. I look forward to taking on new challenges in this role and ensuring that our customer projects continue to run smoothly from start to finish."
